### **Eriez® Offers Space-Saving E-Z Tec® DSP Pharmaceutical Gravity-Fed Metal Detector with High Speed Reject Device**

Erie, PA--- Eriez®, world authority in magnetic, vibratory and inspection applications, offers several models of metal detectors including the [E-Z Tec® Pharmaceutical Metal Detector](#). This compact device can detect and remove minute pieces of ferrous, nonferrous and stainless steel contaminants.

This highly sensitive, gravity-fed metal detector system meets stringent FDA standards and accommodates space-restricted areas within tablet and encapsulation rooms. Eriez' pharmaceutical unit has been engineered with an adjustable sensing head and has one of the largest and easiest-to-clean product chutes in the industry to optimize efficiency. The adjustable support stand comes with casters and is manufactured from 304 stainless steel.

The unit features a variable aperture opening of .8" high x 3" wide or 1 ½" high x 4" wide. The innovative metal detector also has a NEMA 4X/IP 66 sensing head, easily accessible and removable circuit boards, an optional reject gate with high-speed solenoid and five-minute quick start operation.

For more information, visit <http://www.eriez.com/Products/TabPharm/>.

Eriez is recognized as world authority in advanced technology for magnetic, vibratory and inspection applications. The company's magnetic lift and separation, metal detection, x-ray, materials feeding, screening, conveying and controlling equipment have application in the process, metalworking, packaging, recycling, mining, aggregate, plastic, rubber and textile industries. Eriez manufactures and markets these products through 12 international facilities located on six continents. For more information, call toll-free (888) 300-ERIEZ (3743) within the U.S. and Canada. For online users, visit [www.eriez.com](http://www.eriez.com) or send e-mail to [eriez@eriez.com](mailto:eriez@eriez.com). Eriez World Headquarters is located at 2200 Asbury Road, Erie, PA 16506.
